

Aeiyan Khan

Senior Full-Stack Engineer & Technical Lead

Hyderabad, Sindh, Pakistan • aeiyan2@gmail.com • +92-315-3669511 • aeiyan2.me

SUMMARY

Results-driven Senior Full-Stack Engineer and Technical Lead with 2+ years of professional experience designing scalable backend architectures using Node.js, NestJS, TypeScript, Kafka, and Redis. Proven track record architecting high-performance, real-time distributed systems in production, including the SentinelKids platform backend. Currently serving as Project Manager at Samarix, coordinating delivery across multiple concurrent client projects. Experienced in microservices architecture, REST API development, cross-functional team leadership, and mentoring engineering teams.

PROFESSIONAL EXPERIENCE

Samarix Project Manager	Hyderabad, Sindh <i>Jul 2026 – Present</i>
--	---

- Acting as overall Project Manager at Samarix, overseeing delivery across multiple concurrent client projects and coordinating cross-functional teams.
- Run deadline planning and coordination meetings with UI/UX designers and engineering team leads across all active projects.
- Assign teams and lead project delivery, ensuring alignment between design, engineering, and client requirements.
- **Jayak Hub** – food delivery platform; lead as Project Manager while continuing backend contributions.
- **Listr AI** – AI lead-response and follow-up tool for real estate teams, built by Nortra LLC; lead as Project Manager.
- **SiteFlows** – operations platform for short-term rental turnovers, cleanings, and damage reports; lead as Project Manager.

Samarix Full-Stack Developer	Hyderabad, Sindh <i>Jan 2026 – Jun 2026</i>
---	--

- Architected and maintained scalable backend systems using Node.js, NestJS, and TypeScript, supporting high-throughput real-time data pipelines.
- Designed microservices architecture with emphasis on reliability, fault tolerance, and horizontal scalability.
- Optimized backend services for performance, reducing latency and improving throughput under peak load.
- Led backend technical direction, established coding standards, and mentored junior developers on architecture best practices.
- **SentinelKids** – AI-powered parental control platform; engineered the backend using Kafka and Redis for sub-second real-time processing.
- **Jayak Hub** – food delivery platform; contributed backend development.

Zetsol Technologies MEAN & MERN Stack Developer	Hyderabad, Sindh <i>Dec 2023 – Jan 2026</i>
--	--

- Built and maintained RESTful APIs using Node.js (Koa.js) and MySQL, ensuring high availability and data integrity.

- Implemented scalable, secure, and high-performance backend services aligned with business requirements.
- Collaborated with cross-functional teams in an Agile environment, working across Angular 6 and React.js front-end stacks.
- Awarded Employee of the Month (Jun 2024) in recognition of outstanding technical contribution.
- **Sehat Kahani** – telemedicine platform serving thousands of concurrent users; built and maintained backend APIs.
- **Neem** – digital financial platform; developed full-stack modules and third-party integrations.

Saylani Mass IT Training (SMIT)
Web & App Development Instructor

Hyderabad, Sindh
Jul 2025 – Present

- Delivered hands-on training in full-stack web development covering HTML, CSS, JavaScript, React, Node.js, and databases to aspiring developers.
- Guided students in building responsive MERN stack projects from concept to deployment.
- Covered version control with Git, coding best practices, and deployment pipelines.

FREELANCE PROJECTS

- **Villa Umah Shanti** – Full-Stack Developer; built the website for a luxury Bali villa featuring room showcase, booking inquiry flow, and guest testimonials.
- **Lawn Barber Outdoor Services** – Full-Stack Developer; built the website for a US lawn care business featuring service listings, portfolio, and quote requests.

AWARDS & RECOGNITION

Promoted to Project Manager – Samarix *Jul 2026*
Recognized for technical leadership and cross-project delivery impact.

Employee of the Month – Zetsol Technologies *Jun 2024*
Recognized for outstanding technical contribution.

EDUCATION

University of Sindh, Jamshoro *Dec 2024 – Present*
Bachelor of Science in Software Engineering

CERTIFICATION

Web & App Development – Saylani Mass IT Training (SMIT) *Dec 2023*

SKILLS

- **Languages & Runtimes:** TypeScript, JavaScript (ES6+), Node.js
- **Backend Frameworks:** NestJS, Koa.js, Express.js
- **Message Streaming & Caching:** Apache Kafka, Redis, Redis Pub/Sub
- **Databases:** MongoDB, MySQL, PostgreSQL
- **Frontend:** React.js, Next.js, Angular
- **API Design & Architecture:** RESTful APIs, Microservices, Distributed Systems, Scalable Backend Architecture
- **DevOps & Cloud:** Git, GitHub, Docker (familiar), CI/CD, AWS, Microsoft Azure, Google Cloud Platform (GCP)
- **Leadership & Management:** Project Management, Cross-Functional Team Coordination, Deadline & Sprint Planning, Technical Leadership, Mentoring, Agile/Scrum, Code Review
